A. DEFINITIONS:

(1) **Adverse Action**: An official action consisting of a suspension of any length, including an indefinite suspension, an involuntary demotion performance/conduct or a removal.

(2) **Aggravating Factors**: Considerations that may enhance the severity of the penalty selected, e.g., the employee’s prior disciplinary record.

(3) **Charge**: A description or labeling of the specific act(s) of unacceptable conduct or performance that form the basis for a proposed disciplinary or adverse action.

(4) **Corrective Action**: Disciplinary or non-disciplinary action that informs an employee about conduct or performance that should be corrected or improved, or any administrative action in furtherance of disposition of the case.

(5) **Day**: Calendar day.

(6) **Deciding Official**: Generally, a higher level official in the employee’s chain of supervision than the official who proposed the action except where the Assistant Secretary proposes the action, in which case the Assistant Secretary may also serve as the deciding official.

(7) **Demotion**: Voluntary or involuntary change to a lower pay band or rate of pay.

(8) **Disciplinary Action**: An official action taken in response to unacceptable performance or conduct, consisting of Letters of Reprimand, In Lieu of Reprimand, Suspensions of any length, Demotions, and Removals.

(9) **In Lieu of Reprimand**: A Reprimand issued in lieu of a suspension of 1 to 14 days. In Lieu of Reprimands are used in situations where a suspension would not be practical (e.g., for excessive absences or AWOL), or in rare instances where the employee’s absence during a suspension would create an extreme hardship on the agency’s mission. In Lieu of Reprimands serve the purpose of establishing a record of progressive discipline.

(10) **Legal Sufficiency**:

(a) A preponderance of the evidence supports that the unacceptable conduct or performance occurred;

(b) There is a nexus or connection between a legitimate government interest and the misconduct/matter that is the basis for the disciplinary action; and

(c) The penalty is reasonable.

(11) **Letter of Reprimand**: The least severe form of disciplinary action that may be issued to address unacceptable performance or conduct. A letter of reprimand must be placed in the employee’s electronic Official Personnel Folder (eOPF) for a specified time, not to exceed
two years from the date the letter was issued. A supervisor may maintain a copy for his/her files after it is removed from eOPF.

(12) **Mitigating Factors:** Considerations that may lessen the severity of the penalty selected, e.g., the employee’s superior work record.

(13) **Nexus:** For the purposes of a disciplinary action, it is a connection between a legitimate government interest and the employee’s unacceptable performance, conduct, or matter that is the basis for the disciplinary action. Nexus is presumed when the basis for disciplinary action is an employee’s unsatisfactory job performance or on-duty misconduct, or in the case of criminal activity or other egregious or especially notorious misconduct. However, actions also may be taken against an employee because of off-duty misconduct where there is a nexus between the conduct and the TSA mission and/or effective operation of the agency.

(14) **Notice Period:** Time frame provided to the employee in order to provide a response to the proposed disciplinary or adverse action.

(15) **Non-Disciplinary Action:** Administrative action that management officials may initiate to address performance or conduct problems such as a Letter of Counseling, a Letter of Guidance and Direction, a Letter of Leave Restriction, or a SMART Agreement.

(16) **One-Step Process:** The expedited process in which an Adverse Action is issued without a written notice of the proposed action. The one-step process may be used for Suspensions three-days or less, Removals and Indefinite Suspensions for specific cases (for TSOs only).

(17) **Pay Band:** A level in TSA’s compensation and position classification framework that sets a minimum and maximum rate of basic pay for an occupation based on position category (e.g., Professional, Technical, Specialized, etc.), duties, competencies, and level of responsibility. TSA uses 13 pay bands representing all of its occupations.

(18) **Preponderance of the Evidence:** That degree of relevant evidence that a reasonable person, considering the record as a whole, would accept as sufficient to find that a purported fact is more likely to be true than untrue.

(19) **Proposing Official:** Generally, an official in the employee’s chain of supervision with the authority to recommend a disciplinary or adverse action.

(20) **Rate of Basic Pay:** The rate of pay in the Core Compensation or Transportation Security Executive Service System for the position to which the employee is or will be newly appointed. An employee’s rate of basic pay includes a retained rate, but excludes additional pay of any kind (e.g., locality pay, overtime, others form of premium pay, etc.). Basic pay is also commonly known as base salary.

(21) **Removal:** Involuntary separation from TSA employment in order to promote the efficiency of the federal service.

**H. IN LIEU OF REPRIMAND:** Since In Lieu of Reprimands have the weight of suspensions, the notification procedures for suspensions apply. Specifically, one-step actions may be taken as described below in section I(1) for In Lieu of Reprimands for suspensions of one to three days for TSO employees, and the two-step process must be used in all other In Lieu of Reprimands.

(1) **One-Step Process:** A one-step process may be used to affect a Letter of Reprimand In Lieu of suspensions of one to three days for TSOs. Prior to imposing a one-step In Lieu of Reprimand, management must ensure that the pre-decisional discussion described in F(1)(d) is held with the employee and the employee is afforded the opportunity to respond to the allegations orally and/or in writing.

(a) Prior to affecting an In Lieu of Reprimand under this process, management must follow the procedures outlined in section 6(F) of the accompanying MD, and sections F(1) and F(2) above.

(b) After conducting the pre-decisional discussion required in section F(1)(d) and engaging in the procedures outlined in sections 6(F) in the MD, and F(1) and F(2) above, a decision will be issued in accordance with the procedures set forth in sections H(2)(c) and H(2)(d).

(2) **Two-Step Process:** The two-step process requires the issuance of a written notice of proposed action and notice of decision. A pre-decisional meeting is optional under this process.

A statement that the employee’s chosen representative may be disallowed if the representation creates a conflict of interest or position, e.g., the representative may not in the employee’s chain of command. If the representative is another TSA employee, he/she also may be disallowed if he/she cannot be spared because of critical TSA work. (Note: The deciding official will make this determination in consultation with the Office of Human Capital and/or a TSA attorney.) Refer to TSA MD 1100.63-3, Employee Representation for additional information;

A statement that costs associated with the employee’s representation, including any travel expenses, will be borne by the employee;

A statement that the employee will be provided a copy of the material relied upon to support each charge and specification with the proposal letter. Alternatively, if the material is voluminous or contains Security Sensitive Information (SSI), the employee shall be given the opportunity to review the material at a designated TSA location;

(xiv) A statement informing the employee of any change in duty status; and

(xv) A listing of all the documents relied upon which supported the action.

(b) Duty Status: Except in extremely rare situations, the employee will remain in a duty status during the response period.

(ii) Will consider the charges and specifications contained in the proposal notice, the supporting documentation the employee had an opportunity to review, and the employee’s reply. If the deciding official is or becomes aware of additional evidence other than the evidence the employee had an opportunity to review, and wishes to consider such evidence in reaching a determination, the deciding official must inform the employee and provide an opportunity to review such material and reply to the additional evidence before reaching a decision on the proposed action.

(iii) Will consider the employee’s written and/or oral reply, unless circumstances prevent him or her from doing so. If the deciding official’s designee hears the oral reply, he or she shall prepare written notes or a written summary of the reply which will be given due consideration by the deciding official.

(iv) Will decide the appropriate penalty after considering the applicable factors listed in section F(2).

(iii) If the decision is to impose the proposed action, the notice will discuss the penalty determination including any relevant mitigating and aggravating factors considered, as appropriate;

(iv) The decision must provide the effective date of the action; and

(v) The decision must state applicable grievance rights including time limits, and where to send the grievance, and must include a copy of any procedures or regulations where required.

(e) Delivery of Proposal and Decision Notices:

(i) Both the proposal and decision notices should be delivered in person, and the employee should be asked to sign an acknowledgment of receipt. If the employee elects not to sign, the file copy shall be annotated with the delivery time and date, the signature of the individual who delivered the notice, and a statement that the employee received the notice, but elected not to acknowledge receipt.

(ii) If the employee is not on duty or otherwise available to receive it in person, the notice should be delivered both by first class mail and by a delivery method where a signed receipt is requested (e.g., express mail delivery or certified mail with a return receipt requested). TSA will consider that the employee received a regular mailing five days from the date on which the notice was sent, and may use that date as the delivery date or the date on which the employee signed for the express delivery or certified notice, whichever is earlier.

I. ADVERSE ACTIONS (SUSPENSIONS, INCLUDING INDEFINITE SUSPENSIONS, INVOLUNTARY DEMOTION FOR PERFORMANCE/CONDUCT, REMOVALS):

TSA has both “one-step” or “two-step” processes for adverse actions. As described below, the one-step process may only be used for specified actions for TSOs only. The two-step process must be used for all other adverse actions and may be used for those actions allowed under the one-step procedure. All adverse actions must undergo a legal sufficiency review.

(1) One-Step Process: A one-step process may be used against TSOs to effect adverse actions for issues described in section I(1)(c) below. Prior to imposing a one-step adverse action, management must ensure that the pre-decisional discussion described in section F(1)(d) is held with the employee and the employee is afforded the opportunity to respond to the allegations orally and/or in writing.

(a) Prior to effecting an adverse action under this process, management must follow the procedures outlined in section 6(F) of the accompanying MD, and sections F(1) and F(2) above. A pre-decisional discussion must be held with the employee and the
employee must be afforded the opportunity to respond to the allegations orally and/or in writing.

(b) The decision must be issued in accordance with the procedures set forth in sections I(2)(d) and I(2)(e).

(c) The one-step process may be used **only** for the following actions issued to TSOs:

(i) In Lieu of Reprimand (with the limitations described in section H above).

(ii) Suspensions of three days or less.

(iii) Removals involving the use of drugs, alcohol, or theft. Examples of these offenses include, but are not limited to:

(a) Validated failure of drug test;

(b) Validated failure of alcohol test (on duty);

(c) Refusal to submit to drug or alcohol testing; and

(d) Cases involving clear and convincing evidence of theft, illegal drug use, on-duty alcohol use, or being under the influence of drugs or alcohol while on duty.

(iv) Indefinite suspensions relating to misconduct by TSOs that necessitate immediate action under the conditions set forth in section J.

(2) Two-Step process: The two-step process requires the issuance of a written notice of proposed action and notice of decision. A pre-decisional meeting is optional under this process.

(a) Content of Proposal: The notice of proposed adverse action must include the following information:

(i) The charge(s) and specification(s) for each charge including a description of the evidence that supports the charge(s);

(ii) The proposed penalty;

(iii) A discussion of any aggravating factors that were considered in determining the proposed penalty;

(iv) A discussion of mitigating factors that were taken into consideration in determining the proposed penalty;
(v) A statement that the employee has the right to present an oral and/or written reply to the proposal within seven calendar days. This time limit may be extended for good cause shown. A request for reconsideration of the extension may be presented orally, in writing, or both;

(vi) A statement that the employee may be represented by an individual of the employee’s choosing in preparing and presenting any reply. If the employee elects to have a representative, the employee must provide the name of his/her representative to the deciding official in writing, and must provide written notice of any subsequent change in representation;

(vii) A statement that the employee’s chosen representative may be disallowed if the representation creates a conflict of interest or position, e.g., the representative may not in the employee’s chain of command. If the representative is another TSA employee, he/she also may be disallowed if he/she cannot be spared because of critical TSA work. (Note: The deciding official will make this determination in consultation with the Office of Human Capital and/or a TSA attorney.) Refer to TSA MD 1100.63-3, Employee Representation for additional information;

(viii) A statement that costs associated with the employee’s representation, including any travel expenses, will be borne by the employee;

(ix) A statement that the employee and the representative (if a TSA employee) will be allowed a reasonable amount of official time to review the material relied upon, and to prepare and to present the reply(ies);

(x) A statement that the employee will be provided a copy of the material relied upon to support each charge and specification with the proposal letter. Alternatively, if the material is voluminous or contains SSI, the employee shall be given the opportunity to review the material at a designated TSA location;

Note: Any release or review of SSI documents must be coordinated with the SSI Office and with field counsel/OCC.

(xi) A statement that the material relied upon will be released only to the employee and/or the employee’s designated representative;

(xii) The name of the deciding official and the individual the employee may contact to make arrangements for a reply or to ask any questions;

(xiii) A statement that the action will not be taken until after any reply is received and considered; or, if no reply is received, after the reply period expires; or until after the employee informs management that he/she does not intend to reply;
(xiv) A statement informing the employee of any change in duty status; and

(xv) A listing of all the documents relied upon which supported the action.

(b) Duty Status: The following applies to duty status during the notice period for proposed adverse actions.

In most cases, the employee will remain in a duty status during the notice period. However, if the proposing official determines that keeping the employee in his or her current duty status would be a threat to life, property, safety or the efficient operation of the organization, one of the following alternatives may be used:

(i) If the employee requests, allow the employee to use accrued annual leave, compensatory time off, or leave without pay. Additionally, if appropriate, and in accordance with TSA MD 1100.63-1, Absence and Leave, the employee may use accrued sick leave.

(ii) The employee remains in duty status to include being detailed to another work unit; or

(iii) Place the employee on administrative leave using current approval guidelines.

(c) The Deciding Official:

(i) Is generally a higher-level official than the proposing official and is in the employee’s chain of supervision. Exceptions may be warranted depending on extenuating circumstances.

(ii) Will consider the charges and specifications contained in the proposal notice, the supporting documentation that was provided to the employee with the proposal or which the employee was provided an opportunity to review, and the employee’s reply. If the deciding official is or becomes aware of additional evidence other than the evidence the employee had an opportunity to review, and is considering such evidence in reaching a determination, the deciding official must inform the employee and provide an opportunity to review such material and to reply to the additional evidence before reaching a decision on the proposed action.

(iii) Will consider the employee’s oral reply, if any. However, if the deciding official is unable to hear the employee’s oral reply, the deciding official’s designee will hear the oral reply, and prepare written notes or a written summary of the reply that will be considered by the deciding official.

(iv) Will consider the employee’s written reply, if any.
(v) Will decide the appropriate penalty after considering all the evidence of record and the applicable factors listed in section F(2).

(d) Content of Decision:

(i) The decision must address each charge and inform the employee of the deciding official's determination on each charge including the basis for the determination;

(ii) The decision should inform the employee that the employee's reply was considered and should discuss defenses raised by the employee;

(iii) If the decision is to impose an adverse action, the notice will discuss the penalty determination including any relevant mitigating and aggravating factors considered, as appropriate;

(iv) If the decision is to suspend (including indefinitely suspend), remove or involuntarily demote for performance/conduct, the decision must provide the effective date of the action;

(v) The decision must contain any applicable appeal or grievance rights including time limits, and where to send the appeal or grievance. Additionally, the decision must include a copy of any procedures or regulations where required; and

(vi) If the decision is a removal, the decision must include statements regarding the employee’s obligation to protect Sensitive Security Information, and directions to return all TSA property and uniforms.

(e) Delivery of Proposal and Decision Notices:

(i) Both the proposal and decision notices should be delivered in person, and the employee should be asked to sign an acknowledgment of receipt. If the employee elects not to sign, the file copy shall be annotated with the delivery time and date, the signature of the individual who delivered the notice, and a statement that the employee received the notice, but elected not to acknowledge receipt.

(ii) If the employee is not on duty or otherwise available to receive it in person, the notice should be delivered both by first class mail and by a delivery method where a signed receipt is requested (e.g., express mail delivery or certified mail with a return receipt requested). TSA will consider that the employee received a regular mailing five days from the date on which the notice was sent, and may use that date as the delivery date or the date on
which the employee signed for the express delivery or certified notice, whichever is earlier.

J. INDEFINITE SUSPENSIONS: An Indefinite Suspension is appropriate when evidence (i.e., more than a mere suspicion or allegation) exists to demonstrate misconduct.

(1) Conditions under which Indefinite Suspensions may be imposed:

(a) Employee has been indicted, or there is equivalent legal process (such as a criminal information or bench appearance), for a crime for which a sentence of imprisonment may be imposed; or

(b) Employee has been arrested pursuant to a warrant issued by a judge or magistrate for a crime for which a term of imprisonment may be imposed; or

(c) An investigation is being conducted on an employee regarding conduct that TSA believes may have been committed by the employee, which is so serious that if it proves to be true, the employee’s continued presence at the worksite would represent a threat to life, property, safety or the effective operation of the workplace. This could include investigation into or allegations of theft, fraud or falsification, for example, where there is substantial evidence, and removal is the likely outcome; or

(d) An employee’s security clearance has been suspended, denied, or revoked, and a security clearance is a condition of employment or is otherwise required for the employee’s position.

Note: Once an indefinite suspension is imposed, management must determine if subsequent action, i.e., removal, is justified. If justified, management should initiate appropriate action to propose the removal. If it is determined that further action is not warranted, the indefinite suspension will be terminated and the employee returned to duty.

(2) General:

(a) TSA may take action to discharge an employee during the period of an indefinite suspension whether or not criminal charges have been resolved, and whether or not such charges have been resolved in favor of the employee. Such action must be for cause, and is subject to the requirements of section 6(E) in the related MD.

(b) All Indefinite Suspensions, under either the one or two-step process, must be reviewed for legal sufficiency by a TSA counsel and may be coordinated with a designated Employee Relations Specialist prior to issuance. As these actions often are connected with on-going investigations (administrative, civil, or criminal) it is important not to disclose information or evidence that could undermine or jeopardize any ongoing investigation or potential criminal prosecution.
Reconsideration of Indefinite Suspensions Under the One-Step Process:

(a) Once an indefinite suspension has been imposed under the one-step process, the employee has seven calendar days from the effective date to submit a written request for reconsideration. This time limit may be extended for good cause shown. The reconsideration must include any supporting evidence. A request for reconsideration may be made orally and/or in writing.

(b) Upon receipt of a timely request for reconsideration, the deciding official has seven calendar days to determine if the indefinite suspension should be continued, or if the employee should be returned to duty status.

(c) If the decision is to return the employee to duty, the deciding official will also determine if back pay for the suspension period, or any portion thereof, is appropriate. Back pay may be appropriate if failure to pay back pay would result in an injustice to the employee because of the employee’s lack of culpability in the incident for which he/she was suspended. AA/OHC shall determine if back pay is appropriate. Indefinite suspensions based on a criminal indictment or an arrest warrant normally will not result in payment of back pay.

(d) The decision regarding the reconsideration shall be prepared and issued in accordance with the procedures set forth in sections I(2)(d) and I(2)(e) above.

(e) An employee may request reconsideration of an indefinite suspension at any time based upon newly acquired information that was not available at the time of the decision to impose the indefinite suspension.

K. APPEAL AND GRIEVANCE RIGHTS:

(1) Suspensions of 15 days or more (including indefinite suspensions), Removals, and Demotions based on Performance/Conduct:
